

*All-New* ISUZU  
**MU-X**

**READY WHEN YOU ARE**

# READY FOR ADVENTURE

Introducing the All-New Isuzu MU-X. A seven-seat family SUV that redefines the boundaries of adventure.

## A new world awaits.

Whether you're navigating peak-hour on the weekday school run or traversing whatever the wildest weekend can throw at you, the All-New Isuzu MU-X has you covered for the routine, extreme, and everything in between.

Enjoy a passenger car-like driving experience you have come to expect from today's modern SUV's, but with a bulletproof 4WD drivetrain mated to one of the world's most robust diesel engines, the All-New Isuzu MU-X will deliver you the opportunity to test your off-road ability like never before.

**The All-New Isuzu MU-X – Ready when you are.**

# READY TO IMPRESS

## **Bold, adventurous styling.**

The All-New Isuzu MU-X strikes a commanding stance. With suave city-style meshed with tough off-road tones, the MU-X will turn heads for all the right reasons. Available in three different spec levels, there's an Isuzu MU-X that not only looks the part, but is appropriately designed with all the features required to suit any driving purpose.

Whether your rendezvous is on the red carpet or off the beaten track, the All-New Isuzu MU-X looks at home in any setting and on any terrain. Effortlessly, the MU-X blurs the boundaries between the city and the outback – providing you and your family an endless choice of exciting destinations.

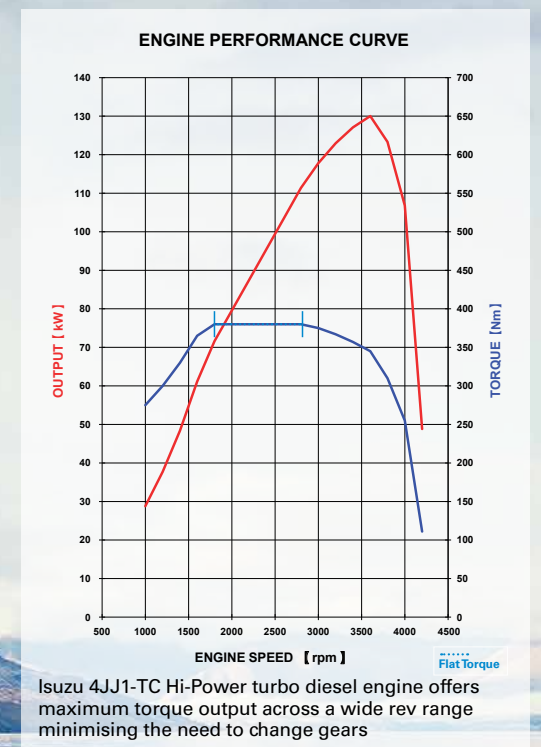

Famous for its durability, reliability and fuel economy, the Isuzu 4JJ1-TC 3.0L turbo diesel engine provides abundant power and torque to make light work of any load

A heavy duty steel timing chain ensures durability over the engines life & lower maintenance costs

Advanced anti-friction melt-in liner technology eliminates the need for cylinder liners

Isuzu 4JJ1-TC Hi-Power turbo diesel engine offers maximum torque output across a wide rev range minimising the need to change gears

# READY TO PERFORM

Behind the style, there's plenty of substance.

With 3 tonne towing (braked) across the entire range, the All-New Isuzu MU-X never knocks back hard work. Be it towing your boat, caravan, horse float or trailer, the MU-X does it effortlessly and with confidence - thanks to the ingenious Isuzu technology and Japanese engineering under the bonnet.

Delivering 130kW of power and 380Nm of torque, the high-pressure common rail fuel injection system makes the most of every drop of fuel, and the intercooled VGS (Variable Geometry System) turbocharger provides excellent response over the engine's entire rev range. Proven in a series of testing environments, each component of the Isuzu diesel engine has been crafted to reduce maintenance and increase durability to ensure years of trouble-free motoring.

4x4 LS-U in Silky White pearl, fitted with extra cost tow bar

Low compression pistons with Teflon coating provide increased fuel economy and engine durability, meaning lower maintenance costs & increased engine life

## Legendary fuel economy takes you further.

From one of the world's leading manufacturers of diesel engine technology, the impressive Isuzu 3.0 litre turbo diesel engine that powers the All-New Isuzu MU-X is as frugal as it is athletic. Delivering plenty of power and torque, this stirring powerplant produces equally amazing fuel economy of just 8.2<sup>Δ</sup> litres per 100 km - which means less time filling up and more money in your pocket to spend on your next adventure.

The All-New Isuzu MU-X is as efficient as it gets thanks to three core engine characteristics – low down torque from 1,800rpm through to 2,800rpm provides optimum performance and fuel efficiency, while the MU-X's Variable Geometry System (VGS)

turbocharger alters the direction of exhaust flow to optimise turbine response at low engine rpm to overcome 'turbo lag'. Overseeing the fuel delivery is the MU-X's common rail high pressure fuel system which uses the latest in fuel injector and high pressure fuel rail technology to effectively minimise the amount of fuel in the combustion process, providing superior fuel economy.

In addition, automatic versions of the MU-X also benefit from the intelligent 'grade-logic' transmission which keeps the MU-X in the correct gear preventing over-revving and unnecessary fuel burn.

<sup>Δ</sup>Combined cycle tested to ADR 81/02, Australian government's standard lab based test. Your fuel figures depend on driving style, conditions of usage, vehicle condition and load, and other factors.

Common rail high-pressure fuel injection

Fuel efficient 5-speed automatic transmission with Rev-Tronic

Multi Information Display of instant and average fuel consumption

# READY FOR THE TOUGH TERRAIN

Vehicle clearance and angles dimensions  
for LS-U and LS-T models

30.1°

25.1°

4x4 LS-M in Cosmic Black mica,  
fitted with extra cost accessories

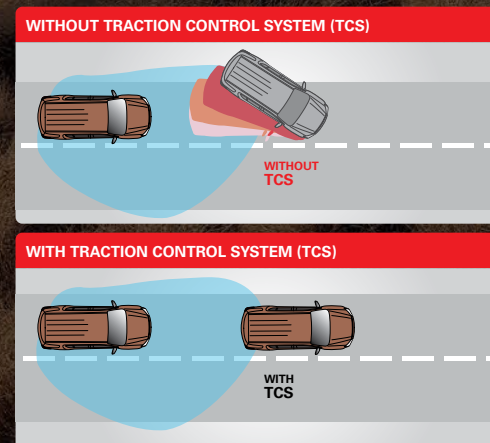

Underbody protection, front steel plate skid/shield

"Terrain Command" 4WD system allows for simple shift  
from 2WD high, 4WD high and 4WD low

Independent high ride front coil spring suspension with gas shock  
absorbers, stabiliser bar, upper and lower wishbones

Standard on all models, Traction Control System (TCS) ensures  
surefooted grip on all surfaces in all conditions

## Four-wheel-drive command at your fingertips.

For years, other manufacturers have been displaying their latest family SUV's traversing rocky mountain ranges and cruising along soft sandy beaches – only to be told in the showroom that "you shouldn't really try that." Well now with the All-New Isuzu MU-X four-wheel-drive you can tackle that always dreamt of destination and reach that out-of-the-way spot with confidence, as it enables you real-world off road capability.

All 4x4 MU-X models are equipped with Isuzu's super-easy to use "Terrain command" 4WD select dial (2-high, 4-high and 4-low range) with hill-ascent and descent control – so when

the road that takes you to that secret beach, or hidden mountain range gets tough, your spirit for adventure won't be stopped in its tracks.

Every 4x4 MU-X is also fitted with the rugged off-road protection you need when roughing it. There's a front steel plate skid/splash shield as well as steel plate guards to protect the sump and transfer case. Add to this a tried and tested 4x4 drivetrain managed by an intelligent Traction Control System (TCS) with Electronic Stability Control (ESC), along with generous ground-clearance, approach and departure angles – any track is yours to be owned.

# READY FOR THE WHOLE FAMILY

## Interior space and comfort.

Cloaked behind the sleek exterior lines of the All-New Isuzu MU-X lies a smartly designed interior that creates a wealth of space for all of the family – and then some. There's room for you and a team of six to travel safely, securely and in comfort. Wide door arches make access for all passengers a breeze, and when exploring your sense of adventure off road, there's strategically placed assist grips to help keep you grounded.

In addition to the fun there's also a practical side to the All-New MU-X's interior. There's an abundance of clever storage compartments and with the second and third row seats ability

to fold down, there's also an overly generous cargo area when you have a sizeable load to carry. You'll never need to look for another cup holder again, our design engineers have managed to include 14 of them so you'll always have a refreshment at hand.

A new seat design with 'wrap-around' bolsters provide increased shoulder, back and base support delivering more comfort for occupants. Clever split/fold rear seats in both the second and third rows mean that no matter what seating configuration you choose, the versatile interior will provide you and your family with all the head, leg and shoulder room you need for a relaxing journey.

4x4 LS-T featuring Charcoal Grey Leather appointed seats and trim\*

\*Leather on body contact areas of seat.

Second and third row seats fold flat to allow for maximum load space

Third row seats fold flat to provide extra load space to accommodate 5 occupants

The 40/60 middle seat split design allows for a large load space and 3 occupants

1 seat folds flat to provide extra load space whilst accommodating 6 occupants

Glove compartment (lower) and article storage compartment (upper) with easy access power outlet

Six-way electric driver seat allows you to conveniently find your most comfortable driving position at the touch of a button (LS-T model only)

Map light and roof sunglass holder, offers increased cabin visibility and a convenient storage compartment

The cargo organiser box provides a convenient, safe and organised storage compartment

# READY FOR THE EVERYDAY

Your entertainment needs are at your fingertips with the premium touchscreen audio system, featuring USB, Bluetooth® phone and audio streaming, iPod® connectivity and an inbuilt SAT NAV function (LS-T model only)

The fold-down 10" monitor provides a clear image display, which can be easily viewed by both the second and third row occupants (LS-T model only)

USB & AUX connectivity allows various devices to connect through the audio system (LS-T model shown)

Rear park assist as standard across the range provides increased safety when reversing

4x4 LS-T automatic featuring sat nav, reversing camera and climate control

## All the mod cons.

While you're having fun behind the wheel, the All-New Isuzu MU-X has also been designed to keep your family entertained. A premium audio system with 6 speakers, iPod® and Bluetooth® phone connectivity is standard across the MU-X range, while our top of the range LS-T provides an unparalleled entertainment experience with an additional 2 "Sky Sound" roof-mounted speakers and 10" monitor for rear seat passengers. Along with Bluetooth® audio streaming, the LS-T also features a touch-screen satellite navigation system with live traffic updates and over 10,000 off-road destinations to ensure you're always on the right track.

iPod® is a trademark of Apple, Inc. Bluetooth® word mark is owned by the Bluetooth SIG, Inc. Not all devices will be compatible and functionality will vary depending on the device.

# READY TO KEEP YOU SAFE

## Peace of mind for everywhere you drive.

Your safety on the road is our priority. To ensure this, the All-New MU-X is fitted with the latest in sophisticated safety features. Built around a high-tensile steel passenger safety cell with side-intrusion bars, the MU-X carries comprehensive crash avoidance electronics including 4-channel 4-sensor ABS (Anti-skid Brake System) with EBD (Electronic Brakeforce Distribution) and Emergency Brake Assist (EBA) as well as Electronic Stability Control (ESC) and Traction Control System (TCS). Additional protection and peace of mind is provided with six airbags (dual front, front side and full length curtain). For the safety of those around you, all MU-X models come standard with rear park assist audible sensors and on the LS-T model a reversing camera.

For the ultimate peace of mind, every Isuzu MU-X comes standard with a 5 year/130,000km<sup>^</sup> New Vehicle Warranty. This backs up our belief that you will enjoy many years of trouble free motoring as a proud MU-X owner. Isuzu has built a solid reputation of reliability and durability over many generations of vehicles and we have confidence that the Isuzu MU-X upholds this tradition. This warranty is complimentary with every new vehicle and it can even be transferred to the next owner which helps to keep a high resale value for your Isuzu MU-X investment.

Where ever you take your MU-X, you are never alone. Each Isuzu MU-X comes standard with the ultimate in vehicle protection, 5 years or 130,000km Premium Roadside Assistance<sup>^</sup>. This complimentary service offers an extensive range of benefits to assist you in the unlikely event you need it.

Included on all MU-X models Electronic Stability Control (ESC) detects if the vehicle is under or oversteering

<sup>^</sup>5 years or 130,000km whichever occurs first, for eligible customers; excludes accessories.

Six airbags – dual front, front side and full length curtain standard on all models

# READY FOR YOU

The All-New Isuzu MU-X is offered in three versatile model variants in both 4x2 and 4x4 drivetrains – so there’s a vehicle to suit all purposes, be it for your daily grind or family fun.

With a reliable and fuel efficient 3.0L turbo diesel engine, advanced safety features and 3 tonne (braked) towing capacity standard across all models, the MU-X range is always ready when you are.

## LS-M

Our entry-level LS-M is perfectly suited to those looking for a no-nonsense, all-purpose SUV. While stylish for city streets, the LS-M will be right at home on a worksite or farm where the rough-and-tumble of everyday life will be taken in its stride.

4x2

4x4

### LS-M key differentiating features:

- 16" alloy wheels with full size spare steel wheel
- All-terrain tyres 245/70 R16
- Colour-coded side mirrors and door handles
- Gun metallic front grille
- Manual air conditioning with integrated heater/demister

## LS-U

The mid-range LS-U is our family all-rounder. The LS-U introduces more of the styling and features you have come to expect from a family SUV, making it the ideal run around during the week with the flexibility to get away from it all when Friday afternoon rolls around.

4x2

4x4

### LS-U key differentiating features:

- 17" alloy wheels with full size spare alloy wheel
- Highway terrain tyres 255/65 R17
- Fog lights
- Chrome exterior styling front grille, side mirrors and handles
- Side steps
- Climate control airconditioning with integrated heater/demister
- Rear cabin cooling vents
- Privacy glass - rear doors, quarter and tailgate windows

## LS-T

Our range topping LS-T takes the comfort and convenience levels up another notch. With standard features like a leather-appointed interior, climate control air conditioning, touch-screen navigation system with reverse camera and entertainment system, every journey will not only be comfortable, but a fun one too.

4x4
